

Energetic Leadership

The Visionary Keynote

Gitte Madelaire brings you insight and optimism so you can create a brighter future

When modern life design collides with old leaderships habits, it is time to tap into intuition and unleash the energetic sense of the future.

You understand that the Earth needs action. And you want a clear picture of the future so you know how to steer your people and business into it.

Talking points:

- Future Trends – to know what lies ahead
- Energetic Leadership – why, what, how
- Why modern life design collides with old leadership habits
- How to predict the future yourself
- How to prompt your Soul and AI
- How to create an organisation fitted to humans
- Why your strategy and value chain need updating – fast

“Gitte's keynote is important. You are safe in Gitte's company, even when she talks about the future.”

*– Jesper Hegelund
Bertelsen,
Author & Change Agent.*

Your Keynote Speaker: Gitte Madelaire is an intuitive and visionary pioneer in leadership development. People, customers, business development, and futurism have always interested and motivated her. That we succeed individually and together. That we are better tomorrow than today. She is the author of Energetic Leadership, and she knows what she speaks about – she walks the walk herself. Get ready for some mind-blowing insight from a passionate soul who dares to talk about how we get humane organisations and businesses.
